

**HARRIS & FORD, LLC**  
Chemical Distribution and Related Services

# Harris & Ford Receives Global Recognition

***Indianapolis-based Harris & Ford, LLC (Harris & Ford)***

is pleased to announce that the company is the exclusive global distributor of food-grade adipic acid.

Harris & Ford has supplied adipic acid through white-labeling for years, the company has emerged as the dominant force in the supply chain. Founded in 1994, Harris & Ford supports several verticals that include personal care products, cosmetics, pharmaceuticals, chemicals for water/wastewater treatment, industrial customers, and food products.

Tim Harris, Harris & Ford co-founder, advised that **adipic acid is an essential additive in many food products** and is used as a gelling agent in confectionery items, cheeses, fats - adding both texture and taste.

## Press Release

***The company's commitment to providing a consistent value-add, demonstrating result-oriented solutions,*** exceeding customer expectations, and embracing innovation are key contributors to its success.

Located in Indianapolis, Harris & Ford can quickly mobilize utilizing various intermodal transportation solutions that includes six (6) six major highways, rail car services, and an international airport that is equipped with customized commercial and industrial cargo handling services. An integrated transportation system, coupled with an extensive network of suppliers and manufacturers, reduces inventory and transportation costs.

*"While we are excited to have achieved this milestone, we will not rest on our laurels. I believe success can - and should - propel you to the next goal. As the company continues to grow its footprint in the US and around the world, we never want to lose sight on those who make our success possible our employees, customers, suppliers, and the communities we serve, " Harris concluded.*
